  - Guyana

- Pacific
  - Vanuatu
  - Tonga
  - Kiribati
  - Solomon Islands
  - Samoa

- Indian Ocean
  - Mauritius
  - Madagascar
  - Comoros
  - Seychelles

ega.ee

Challenges

- databases and information systems are small, some services only few times a year

- not enough knowledge and capacity to develop technology and electronic services

- cultural issues

- financial possibilities are restricted

- possibilities for natural disasters – tsunamis, hurricanes etc. – ow to protect your systems and data?

Nicolai M. Balle

Program Manager of the National Digitalisation Program, Faroe Islands

Arne Ansper

Member of Board of Cybernetica, Estonia
